

RISHAV GUSAIN

Business Intelligence Analyst - 3.6+ Years Experience

☎ 9653263838 ✉ rishavanalyst07@gmail.com 🔗 LinkedIn 📁 Portfolio 🐙 GitHub 📍 Gurgaon, India

WORK EXPERIENCES

- Business Intelligence Analyst** | Full-time

Publicis Resources

- Built and maintained 15+ interactive Power BI dashboards, enabling stakeholders to monitor KPIs and drive data-driven decision-making.
 - Developed SQL queries, views, and stored procedures for data extraction, validation, and analysis of large datasets, improving query performance by 30%.
 - Designed scalable Star Schema data models and semantic models with optimized relationships, improving report performance and analytical accuracy.
 - Performed UAT, data validation, and stakeholder testing for dashboard releases, achieving 100% reporting accuracy before production deployment.

Mar 2025 - Present

Hybrid • Gurgaon, India
- Data Analyst** | Full-time

Leeford Healthcare Ltd.

- Developed Power BI dashboards to track sales, manpower productivity, operational KPIs, reducing reporting effort by 40-50%.
 - Analyzed 500K+ sales records to identify fraud and data inconsistencies, preventing incentive payout errors worth ₹1.2M+ monthly.
 - Automated recurring reports using Excel VBA and Macros, reducing manual effort by 60% and improving reporting efficiency.

Jul 2024 - Mar 2025

On-site • Ludhiana, India
- Power BI Analyst** | Full-time

KRAASA

- Analyzed ₹2Cr+ monthly sales and inventory data across 2,000+ SKUs using SQL and Power BI to drive demand planning and inventory decisions.
 - Developed KPI-driven dashboards for sales performance, demand forecasting, and inventory management, improving reporting efficiency by 30%, increasing inventory visibility, and contributing to a 25–30% reduction in stock-out incidents through proactive inventory analysis.

Apr 2023 - Jul 2024

On-site • Delhi, India

PROJECTS

- Client Satisfaction Analytics** | 📁

This project is about creating a Power BI dashboard that shows feedback received from clients through a survey. The survey is sent twice a year to understand how happy clients are with the agencies.

- Developed a Power BI dashboard analyzing 25K+ survey responses across 90+ agencies and 70+ countries to track NPS and client satisfaction globally.
 - Implemented wave-over-wave analysis to compare satisfaction trends and identify performance improvements and service gaps.
 - Designed Region → Country → Agency → Client drill-down reporting, reducing analysis time by 40% and accelerating issue identification.
 - Created service-line performance views across People, Delivery, Services, and Strategy, supporting targeted improvement initiatives.
- Invoicing Period Analysis** | 📁

The project aims to analyze how long it takes for billing to happen after a media campaign runs, and identify delays or inefficiencies in the process.

- Aalyzing 4.3M+ billing transactions, providing visibility into end-to-end billing KPIs and reducing cycle-time monitoring effort by 30%.
 - Designed delay bucket analysis to identify overdue invoices and process bottlenecks.
 - Built vendor performance dashboards to track billing delays and prioritize follow-ups, improving invoice resolution efficiency by 20%.
 - Delivered transaction-level insights for Finance and Media teams, reducing manual tracking effort by 35% and improving cash-flow monitoring.

SKILLS

Databases :	Microsoft SQL Server, CTEs, Subqueries, Joins, Window Functions, Aggregate Functions, Views, Stored Procedures
Tools & Platforms :	Power BI, Advance Excel, Power Automate, Power Apps, Azure, Microsoft Fabric, GitHub, ServiceNow, Microsoft Copilot Studio, OpenAI, Claude, Microsoft Copilot, Microsoft Word, Microsoft PowerPoint, Tableau, Power BI Service, Alteryx, Microsoft Access
Programming Languages :	Python, NumPy, Pandas, Matplotlib, Seaborn
Technical Skills :	Data Visualization, Data Analysis, Data Modeling, Data Transformation, Data Cleansing, Data Warehousing, ETL, Power Query, M-code, DAX, RLS, VBA, Dashboard Development, Performance Optimization, Scheduled Refresh, Azure Synapse Analytics, Azure Data Factory, Data Pipelines, Microsoft Fabric, Financial Analysis, Financial Reporting, Financial Planning & Analysis, FP&A, Stakeholder Management, AI, Microsoft Copilot for Power BI, Prompt Engineering, AI Agents, Pivot Tables, Data Validation, Data Governance, Data Lineage, Root Cause Analysis, Requirements Gathering, Data Storytelling, Forecasting, Scenario Analysis, Variance Analysis, Incremental Refresh, Power BI API, Tabular Editor, DAX Studio, Power BI Paginated Reports, Power Pivot, Power BI Performance Analyzer, VLOOKUP, XLOOKUP, UI/UX & User-Centered Design, API Integration, Data Reconciliation, Trend Analysis, Documentation, Exploratory Data Analysis (EDA), Statistical Analysis, Data extraction, Sales Analytics, Operational KPI Reporting, Marketing Analytics, UAT/User Acceptance Testing, HR Analytics, Supply Chain Analytics
Languages :	English, Hindi

EDUCATIONS

Master of Business Administration Business Analytics & Finance	Aug 2021 - May 2023
---	---------------------

CERTIFICATIONS

Microsoft Certified: Power BI Data Analyst Associate (PL-300) 📁 Certificate	Jul 2026 - Jul 2027
Microsoft	
Full Stack Data Analytics Program 📁 Certificate	
iNeuron
